Subject: Fwd: Gold King Mine Release - dissolved metals

Good Evening Butch and Diane,
Please see info below regarding sample data for the Gold King site. We will be coordinating distribution of this material w Craig Myers. Not sure if you met this evening but he will be our IC joining you there so I presume he'll work out with you all how that will go (I'll be taking orders from him) :)
Just note there are other items on the site-pH, photos, etc.

Regards, Gina
